The Committee reviewed the draft recommendation map and the project proposal list. Sarah went over changes made since last meeting. The group discussed lane needs for I 95 and I40 and the need to look at the study performed by MAB. There was also discussion on the interchanges at Wilson's Mills and the Cleveland Wal Mart connector, which would connect to Cleveland Crossing Drive with the curve proposed as straightened. Barber Mill Road was also requested to be extended to Monroe Road down to Polenta Road. CAMPO suggested that the projects be prioritized.

Sarah showed the rail map and stated that an email would be sent to the towns asking for input as well as copies of the towns pedestrian and trail plans. .
